Phone (334) 674-2425  
Fax (334) 670-9740

**No State Funds Were Used  
To Conduct This Seminar**

## Course Description

The Seminar covers topics on safety evaluation of gas pipeline systems as well as fundamentals and code application. The course is designed and presented by the PHMSA Office of Training and Qualifications, in conjunction with the Gas Pipeline Safety Section, Energy Division of the Alabama Public Service Commission.

The Purpose of the Pipeline Safety Program is to provide for the safe and efficient operation of natural gas and hazardous liquid systems throughout the State of Alabama for the ratepayers and the general public. This is accomplished through attendance at this seminar and other training opportunities for the operating personnel in gas distribution, transmission, master meter and hazardous liquid pipeline systems.

## Lodging and Transportation

The Embassy Suites Hotel has offered a **special room rate of \$128.00 per day plus tax, internet, and parking** during the seminar. Contact Embassy Suites Hotel for prices of these services. You are encouraged to make your plans well in advance by calling for reservations at **1-800-Embassy (1-800-362-2779)**. Ask for reservation code **P12**. The cutoff date for reservations at the special rate is November 3, 2013.

The Embassy Suites Hotel provides complimentary transportation to and from the airport (subject to availability). Please call the hotel or Gas Pipeline Safety for transportation upon arrival.
